Trends in Terrorist Skyjacking. 17

NR

This publication is prepared by the International Issues Division, Office of Regional and Political Analysis, with occasional contributions from other offices within the Directorate of Intelligence. The views presented are the best judgments of individual analysts who are aware that many of the issues they discuss are subject to alternative interpretation. Comments and queries are welcome. They should be directed to the authors of the individual articles.

3.3(b)(1)

[redacted] setbacks at the hands of local security forces may prompt a number of Latin American groups to attempt hijackings. Argentine terrorists may feel the need to stage an aerial spectacular as a means of bolstering morale and re-establishing themselves as a serious threat to the government.
